ITEM NUMBER

| | |
|------------|----------------------------|
| 5301 | Whole Kernel, 50-pound bag |
| 5600 | Preground, 50-pound bag |

CERTIFICATION

Kosher: UMK Pareve

STORAGE AND SHELF LIFE

Store in a temperate, low humidity, pest free environment at temperatures of <90 °F. Improperly stored malts are prone to loss of freshness and flavor. Whole kernel diastatic and preground malts are best when used within 6 months from date of manufacture. Whole kernel roasted malts may begin experiencing a slight flavor loss after 18 months.

FLAVOR & COLOR CONTRIBUTIONS

- Malt Style: Base malt
- Flavor: Rich malty flavor
Hints of biscuit and nutlike flavors
- Color: Contributes golden color

CHARACTERISTICS / APPLICATIONS

- Use as a rich malty 2-Row base malt
- A fully modified, high extract, low protein malt, Briess Pale Ale is not just a darker 2-Row Base Malt. The unique recipe for Briess Pale Ale Malt production involves careful monitoring of the kiln drying process and specialized temperature rests that result in the development of its unique flavor.
- Sufficient enzyme level to support the inclusion of even the most demanding specialty malts without extending the brewing cycle.
- Produced in the U.S.A. from AMBA/BMBRI recommended 2-Row malting varieties
- Up to 100% Ales (an exception being Koelsch) and rich, full flavored dark beers.
- 10% or more All but the lightest beer styles for additional flavor.
Especially helpful for developing warm, malty and toasty flavors.
- 10-15% High gravity beers like a Bock Beer, more in low gravity beers.
